

H-NP markup.

You'll see images of human-like AI-generated creatures called H-NP. Your goal is to classify them in accordance with the given criteria.

Each H-NP has the following features:

- Background color
- Number of eyes
- Availability of glasses
- Availability of a headwear
- Skin type
- Eyebrows type

Now about each of the signs more specifically.

Background color

Everything is pretty simple here. There are several primary colors: **white, gray, blue, light blue, yellow, green, light green, brown, red, black, pink, orange, and purple**. If the background consists of several shades, you need to **choose the dominant one**.

White

Light Blue

Blue

Gray

Yellow

Light Green

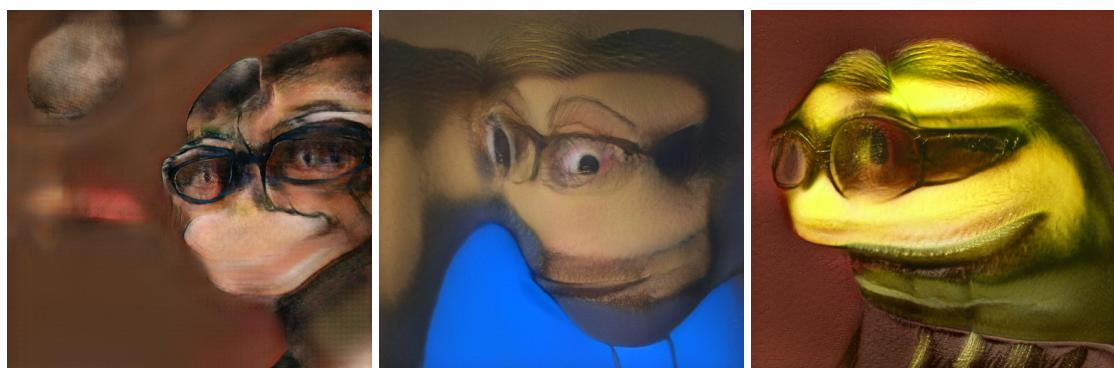

Green

Red

Brown

Pink

Black

Orange

Purple

Number of eyes

Each H-NP can have from 0 to 8 eyes. If the number of eyes is not visible due to the dark lenses of the glasses, the number of eyes is equal to the number of lense sections.

1 eye

3 eyes

0 eyes

The presence of glasses. Most H-NPs have glasses. But some don't have them. You need to look at the picture and choose whether the H-NP has glasses or not and choose the type of glasses between **eyeglasses** (transparent lenses) and **sunglasses (dark lenses)**

eyeglasses

sunglasses

no glasses

Headwear

The presence of a headwear. If you can see any headgear on the image (cap, hat, hat, bandana, hood, etc.), you need to select the item "**available**". Otherwise, select "**not available**".

H-NP in cap

H-NP in a hat

Skin Type

As human pepe are attempts to humanize AI-generated frogs, most of them have human skin colors. However, there are some abnormalities with non-human skin. If the specimen you see has a skin color which you could imagine a healthy human have, select "**human**", if not select **non-human**.

Human

Non-Human

Eyebrows type

Most of humanized Pepe have eyebrows. Some of them have **regular eyebrows** – one eyebrow over each eye, others have a **monobrow** - one long single eyebrow. Some have **no eyebrows**. If cannot properly determine the kind of eyebrow you see, choose **not sure**. **Hair line on the top of the head is not eyebrows!**

Regular Eyebrows

Monobrow

No Eyebrows
